

## VOLVO PENTA EVC SYSTEM

# 4" DISPLAY

Designed to match Volvo Penta EVC diesel and gasoline engines

### See data from two engines at the same time

The 4" display with black and white display can show data from two engines at the same time, plus trip computer info. Together with the EVC system you get a new level of precision, accuracy and reliability. With Volvo Penta multi information displays, like the 4" display, you get all the information you need in one place.

#### Where ever you want

The Volvo Penta 4" display can be top or flush mounted. It's compact size makes it easy to fit anywhere. The display has 5 back lit push buttons and is very easy to navigate and to customize.

#### What information do you need?

What software and sensors you choose to install will determine what data can be received and displayed. See features on next page.

#### EVC Accessories

Smart accessories that make boating simpler and more environmentally friendly. Plug-in installation of instruments, active monitoring and troubleshooting, engine data in the chart plotter and the ability to upgrade the boat's functions at a later date. It's quick and easy to install Volvo Penta EVC Accessories in a boat equipped with Volvo

Penta EVC. These are some of the options available with Volvo Penta's electronic platform, EVC

#### World-class performance

All Volvo Penta EVC Accessories is developed, designed & serviced by Volvo Penta. This means that it's function is perfectly matched with your Volvo Penta engine. Find out more about EVC Accessories on our website.

- Fuel economy (volume/distance)\*\*
- Average fuel consumption
- Trip distance
- Estimated remaining distance\*\*
- Average fuel rate
- Trip time

\*\* Requires extra sensor

## Volvo Penta EVC System

EVC – Electronic Vessel Control – is Volvo Penta's common electronic platform. Based on the same CAN-bus technology used in ships, planes and cars, EVC gives total integration. All information is distributed on one CAN-bus backbone. This radically reduces the amount of wiring and connectors required, leading to much higher reliability and easier installation.

EVC offers improved functionality as standard or option. Features that are impossible with standard systems and give you better safety, comfort and driving economy. Please contact your local Volvo Penta dealer for more information regarding Volvo Penta engines and Volvo Penta EVC system.
